

NEEDS & PROJECTS LIST

Updated March 2024

Tracy's Camp requires many items and objects in order to provide an excellent level of service to our guests. If you would like to make a physical donation to TC, the following list contains many of the day-to-day items that are most useful to us. Some of the items below are high priority items that we are looking to have as soon as possible, but everything on this list is useful to us. We are appreciative of anything you are willing to donate!

High priority items:

- **Vehicles and maintenance equipment**
- **Furniture and storage items**
- **Equipment for activities**

Tracy's Camp depends on the generosity of people like you, so that we can continue to use the opportunity we have been given to minister to Christ-centered communities. If you feel led to partner with us, please consider donating or giving towards the following items. Call (803)360-3448 or email tracyscamp@gmail.com to coordinate drop-offs or deliveries to camp directly.

URGENT NEEDS:

TC is in urgent need of a new camp vehicle. For years we have depended on our camp F150 and Expedition for use around camp and for trips into town. Both vehicles are currently at a point of disrepair that it has been recommended that we stop investing in repairs, and start looking for other solutions.

We are looking for a replacement truck or SUV in decent enough condition to handle the work that goes on at TC. This would allow us to continue running activities, hauling trailers, picking up supplies, and so much more that is instrumental to the work that we do for this ministry. We would greatly appreciate a donation of, or a really good deal on, a new (to us) vehicle!

Additionally, we are looking to add several 4-wheelers, golf carts, side-by-sides, etc. to our operations.

Current Needs

**Indicates High priority items*

Outdoors & Maintenance

- *Truck/SUV
- *4-wheeler(s), golf cart(s), side-by-side(s), etc.
- 40+ horse power tractor with front-end loader
- *Various power tools
- *Various hand tools
